

NEW DIRECTORS NOW IN CHARGE

Prison Board Gives Way to New Appointees of Kitchen Administration.

FIRST MEETING IS HELD

North Carolina Not Worrying About Returning Funds to Government.

(Special to The Times-Dispatch.)
RALEIGH, N. C., April 7.—The new board of directors of the State prison for the Kitchen administration held its first meeting to-day, and in compliance with suggestions from Governor Johnston elected Hon. J. J. Langhorne, of Pitt county, superintendent to succeed J. S. Mann, superintendent for the past eight years; T. W. Fenner, of Halifax, clerk; to succeed Captain T. M. Arrington; T. P. Sales, of Raleigh, warden; to succeed Captain J. M. Fleming; and Dr. L. G. Riddick, of Youngs, physician, to succeed Dr. J. R. Rogers. The salary of the superintendent is \$2,000; that of the chief clerk, \$2,000; warden, \$1,200; and physician, \$300. Of the new officers Mr. Langhorne is now a member of the State Board of Agriculture, and has been active in affairs of the State for a number of years as a member of the Legislature and in other official capacities. Mr. Fenner was for a number of years register of deeds of Halifax county. Mr. Sales is now sanitary inspector for the city of Raleigh, and Dr. Young has been a member of the Legislature and has a creditable medical practice sufficiently near the penitentiary for his services to be given to the prison as readily as though he were located in Raleigh.

The members of both the new and the old boards were in session to-day, the formal transfer of the affairs of the prison being made. The new board is composed of E. L. Douglass, Laurel Springs; J. M. Davis, Charlotte; George E. Hunter, Raleigh; George A. Norwood, Goldsboro; George A. Holderness, Tarboro. The old members who retired from office to-day were J. G. Hackett, Wilkesboro; S. A. Heasler, Albemarle; J. P. Korry, Asheville; W. E. Crosland, Rockingham; R. H. Speight, Whitakers.

In Active Charge.
General Thomas R. Robertson, who retired April 1 from the office of Adjutant-General of the North Carolina National Guard, has entered actively into his new work of ordnance officer in charge of the arsenal and general supplies of the guard. General Robertson is experienced and enthusiastic in military affairs, and a deserved honor has come to him in the shape of a commission from Governor Kitchen as Brevet Major-General because of his twenty-five years' efficient service in the guard. General Robertson has opened office in the new arsenal building, near the corner of Wilmington and Morgan streets.

How Money Was Lost.
Of the \$1,435,757.49 received by North Carolina from the United States Treasury, under the act of Congress of 1836, distributing the surplus of the Jackson administration, the State invested \$500,000 for the redemption of State bonds in the Bank of Cape Fear, Fayetteville, with branch bank in Raleigh; \$200,000 was set aside for a literary or school fund; \$553,757.39 appropriated for an internal improvement fund, and \$100,000 applied to what was termed a public fund. Every dollar of this money was lost since the completely lost to the State, and in the event of the passage of the pending bill in Congress for the return of this money to the general government by the States that received it, North Carolina would be obliged to issue new State bonds with which to make the payment.

The manner in which the money was lost would make a long story. The

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indecent. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

Investment in the Bank of Cape Fear

lost through the complete collapse of this institution; the literary fund as then established dwindled through unfortunate investments prior to the Civil War, and the residue is shown by the history of the Reconstruction period to have been squandered by the carpet-baggers and others to whom the State government fell victim while much of the benefit from the portion of the fund set aside for internal improvements was wiped out by the ravages of the Civil War.

There was one investment that proved futile to the State, but from which the United States government is now deriving some benefit. That was the digging of Clubfoot Canal, connecting certain sounds in the Carolina coast. The "road" of this old unfinished canal are now being used in the construction of the Inland Waterway scheme, a section of which is now under construction by the War Department.

There was a considerable investment in the Wilmington & Weldon Railroad and several other corporations that did not prove so disastrous. However, the close of the war found the State overwhelmed with debt, and these stocks were used in taking up outstanding State bonds. State officers do not believe there is any likelihood of the pending bill for repayment of the "loans" passing Congress, and are therefore not much concerned over the matter in any way.

News of Manchester

Manchester Bureau, Times-Dispatch, 1102 Hull Street.

At the regular meeting of the City Central Committee, held last night, the resignation of three members were accepted as follows: F. S. Anderson and Leroy Latham, of the Second Ward, and Charles O. Cowardin, of the Fourth Ward. Only one of these vacancies was filled last night, R. H. Anderson, of the Second Ward. The other two will be elected at the next meeting of the committee, next Tuesday night. The resignation of R. H. French, which was presented to the committee last October and not acted upon, was accepted, and Mr. French will continue to serve on the committee.

The committee also took up the question of the date for the primary, and instead of deciding on two voting days, as in Richmond, there will be only one, which will take place at the time to be designated for the State officers. The City Sergeant, magistrates and those running for the Legislature will come up at that time. A committee, consisting of Dr. John W. Broadnax and Dr. E. G. Hill, was appointed to draft a letter to the voters of the city and county, instructing them to pay their poll taxes by May 2. The committee will take up the matter of poll taxes and the assessing of candidates at the next meeting, which will be held on Tuesday night.

Forest Fires Raging.
Residents of the county who came into the city yesterday afternoon report that in the vicinity of Falling Creek and Chester, forest fires are raging, destroying thousands of feet of timber and endangering many residences. It is not known just how the fires got out, but the general impression is that they were caused by the railroad or by farmers burning plant beds. They got beyond control yesterday afternoon, and though the farmers are doing all that they can to hold them in check, they were still threatening at a late hour last night.

ASHEVILLE, N. C., April 7.—"The Greenville Jail was easy and I'll get out of here, too," said George Barton, one of the champion crackmen and jail breakers of the country, who was captured at Craggy Monday night, in the jail here last night.

Everything that might be used as a weapon taken from him, his case seems a hopeless one, but there seems to be little question in his mind that a way of escape will be found. He has broken some of the strongest jails in the country, and the officers here are taking apparently needless precaution to keep him safe.

While Wife Spoke.
WASHINGTON, D. C., April 7.—While his wife was speaking from the stage of a vaudeville theatre in Philadelphia to a miscellaneous audience composed largely of unfortunate of the underworld, exhorting them to lead better lives and prepare for the hereafter, Elias Barakat, a Syrian, died, and, not long after, lay dying upon a cot at Garfield Hospital, this city.

The wife, an evangelist, was not aware of the whereabouts of the man who had wedded when they were both young. Lately, three days' illness had obscured the sunlight along their life path. They had been separated a number of years.

In his dying moments the mind of Elias Barakat reverted to the hopes and joys of his earlier married life, and he requested that his wife be notified when the end came. He passed away with scenes of happier days pictured on his rapidly fading memory.

When the curtain of life had been drawn over his career his friends here directed to the widow that her husband was no more.

Then an expression of forgiveness came across her features. The misunderstanding of many years before, which even in their separation, was forgotten in the love that returned to her.

What Joy They Bring To Every Home

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome, and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co. Syrup of Figs and Elixir of Senna has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs and Elixir of Senna has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs and Elixir of Senna, obtained by an original method, from certain plants known to them to act most beneficially, and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy, and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs and Elixir of Senna always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
